OUTDOOR CABINETRY
 by DeSavino & Sons

- Solid 3/4" thick High Density Polyethylene (HDPE) marine grade polymer with color throughout.
- UV stable which will prevent our cabinetry from fading due to harmful UV rays.
- Impermeable to moisture which won't develop any mildew.
- Easy to clean, just wash with soap and water when it gets dirty. HDPE is tough against stains, spills and splashes.
- Our maintenance free cabinetry is manufactured to retain a look as great as the day you bought it!
- Contains no natural wood material and is therefore safe from animals, bugs and any other harmful insects.
- Withstands temperatures of -60° up to 250°F+
- FDA approved for food contact

OUR CABINETRY IS AVAILABLE IN A WIDE VARIETY OF COLORS TO HELP MATCH ANY DÉCOR.

MOISTURE RESISTANT FOR ANY CLIMATE OR ANY SEASON

STAINLESS STEEL DRAWER SLIDES

- We use only the finest full extension stainless steel ball bearing drawer slides which were designed for outdoor use.
- Corrosion resistant, smooth and easy to pull even when they are fully loaded. They also have a quick release lever on the side which makes removing the drawer easy.
- These drawers are far superior to a "Friction" or "Hardware Free" style drawer as those styles make the drawer heavy and hard to open and close. Ours are simply the best!

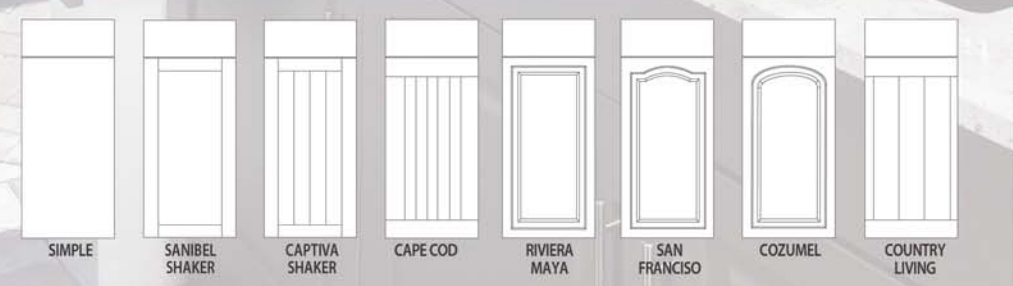

STAINLESS STEEL DOOR HINGES

All of our doors will have stainless steel concealed hinges which are perfect for any outdoor or wet environment. These hinges are fully adjustable and easy to clean.

Open Air Outdoor Cabinetry by DeSavino & Sons are designed and manufactured to compliment nature's surroundings. Solid construction, yet beautiful sustainable marine grade polymer will weather any conditions mother nature delivers. Our exclusive cabinetry fits your lifestyle and offers wonderful color palate choices, styles and configurations to exceed any homeowners vision.
